International Dialing feature for other destinations may not be available.

International Roaming

Flash Wireless provides very limited Voice and Text service in select overseas destinations. If you are overseas and your Flash Wireless Voice or Text service works, you will be charged $5.00 per Minute or Text against your FlexWallet. Flash Wireless recommends you do not attempt to use cellular network Voice or Text when overseas. If you have a Smartphone, Flash Wireless recommends you seek out Hotel, Office or Café, Wi-Fi Hotspots for all your communications needs. For Voice and Text/Messaging over Wi-Fi, there are many VoIP applications available in Google Play.

Restrictions:
Intended for residential calling only (direct dialed conversations or voice mail messages). Chat lines, data, fax, commercial use, Internet access and/or long distance calls made using call forwarding and three-way calling features are prohibited. Flash Wireless reserves the right to terminate enrollment in this plan. Excludes calls terminating to some 218 area codes, chat lines, and certain call types such as private, military, non-geographic and premium numbers. Destinations are subject to change.

Surcharge rates for each International Long Distance calling option are shown below and apply per minute in addition to applicable core service plan domestic airtime charges and taxes.

The foregoing rates are subject to the Flash Wireless Terms Conditions and may change at any time without notice. 1/1/2013
